Camp Description: Electrify Tech Camp consists of four individual non-residential summer camps for high school students that is sponsored and run by Electrical and Computer Engineering (ECE) at the University of Michigan (U-M). Camp participants will be introduced to college-level topics at an introductory level suitable for high school students.

Program content is developed and taught by U-M faculty and graduate students, ensuring the highest quality of academic learning. Recreational activities will be incorporated into the activities of each day. Come ready to learn and to have fun!
